

Vent-Axia BPEC Training Courses (March 2013 - February 2014)

Vent-Axia BPEC Training Courses

Domestic Ventilation Systems Installer Training

Vent-Axia offers a BPEC course designed to meet the requirements in the Domestic Ventilation Compliance Guide 2010 for the installation, inspection, testing, commissioning and provision of information for Fixed Domestic Systems for both new and existing residential buildings.

The course is recognised by all Competent Persons Schemes within the industry including HVCA and NICEIC.

The course will train you to:

- Install domestic ventilation systems in a safe and workmanlike manner
- Inspect and test domestic ventilation systems
- Commission and provide information on domestic ventilation systems

To be eligible for this course you must hold or be taking a formal qualification such as N/SVQ level 3, or have a number of years experience in heating, electrical or ventilation installation.

The course will be run over two days:

- The first day will be theoretical with candidates working with the trainer through the BPEC training manual.
- The second day is taken up with practical exercises including the commissioning of a working MVHR system.

At the end of the course, there is an open book multiple choice assessment that each individual candidate needs to pass the course.

What does the course fee include?

The course fee includes both days training with lunch, your personal copy of the training manual which will be sent in advance of your starting date and your certification upon successful completion which lasts five years. Hotel accommodation is not included.

What do I need to do to register?

If you meet the requirements then the registration can be completed online. Upon registration you will be emailed confirmation and an order number to retain for any future correspondence. The manual will also be sent for you to study before the course starts.

What do I need to bring?

The manual must be bought with you to the training along with two passport photographs and your national insurance number which will be needed for your registration.

When and where are the courses run?

The dates are shown on the next page along with the last registration date to ensure you receive the course materials in time to prepare. Course timings are 9.30am to 5.00pm on both days. The course is held at our BPEC approved training facility at Crawley. The cost of the course is £389.05 including VAT and postage.
